UNT POLICE

UNT Crime Alert

Wednesday, Nov. 4, 2026

On Nov. 4, 2026, the UNT Police Department received a report of a stolen electric scooter from a bicycle rack located next to Traditions Hall. Under the Clery Act, these scooters are classified as "motor vehicles." Since the last Timely Warning in September regarding scooter thefts, there have been several additional reports of stolen electric scooters on campus. Common factors in these thefts include scooters being left unsecured or improperly secured and unattended for extended periods.

In recent months, UNT Police have recovered several stolen scooters and are actively working to identify the suspects. UNT Police continue to investigate these cases and develop leads. If you have any information regarding these offenses, contact UNT Criminal Investigative Services at 940-565-3006 or remain anonymous by calling 940-369-TIPS (8477).

The UNT Police Department will engrave your scooter. To participate, please bring your scooter and a valid form of identification to the UNT Police Department. Most of our recovered scooters were either engraved by UNT Police or have a known serial number.

Safety Precautions

• Immediately report suspicious or dangerous activity to the police by dialing 911.

• When securing electric scooters, consider using a high-security U-lock.

• Consider attaching a GPS tracker to your scooter.

• Consider engraving personally identifiable numbers on the scooter in an inconspicuous place.
